KIDS!

ALLOW FOR A PLAN THIS SUMMER...

Simulators are designed for a key purpose... development.

With your Pass, you can hit balls whenever you need to, at no extra cost.

Using premium balls and world-class simulator technology, you can hit every club in the bag, develop your skills, and learn more about your game than ever before, with free premium balls, equipment, ball and club data at your fingertips.

So when you step onto the real course, you'll be ready.

Let's utilise the simulators and make this summer count.

Parents can't plan activities every day during the holidays, but Virtually Golf will be here whenever you need us.

Whether you're working from the venue while the kids play, or helping them improve their golf or football skills, our simulators offer the perfect mix of fun, learning and development all summer long.

With your Family Pass, kids can enjoy golf, football and interactive simulator games whenever you visit.

5. CHOOSE YOUR DATE & TIME

6. BOOKING CONFIRMED

FAIR USE T&C's

To ensure all families can enjoy the simulators throughout the summer, we operate a simple fair use policy.

Your Family Pass allows up to 2 hours of simulator play per day, subject to availability.

Guests are welcome for a £10 per hour, per sim charge.

For safety and supervision, children aged 15 and under must be accompanied by an adult or guardian.
